SUMMARY

Recent graduate from the Graphic and Interactive Design program at Harrisburg Area Community College. I have a background in research biology, education, and am a small business owner. I have interest in problem solving related to visual communication of concepts, and maintain a flexible mindset regarding my future direction in the field of graphic design.

WORK HISTORY

Freelance & Contract Graphic Design Work

Boalsburg, PA • 2020- Present

- Contract Graphic Designer at Buffalo Games LLC working independently and collaboratively under on product package design and layout, element and graphics design, game and toy instructions layout and content, while maintaining consistency in brand standards (July 2025-Present).
- Assist and collaborate with research scientists to execute visual representations of concepts and results for presentations, communication, and publication in scientific journals at The Pennsylvania State University (2020-Present).
- Designed a primary logo, secondary logo, t-shirt design, and banner for the 2025 PA Climbing Advocacy Summit in Huntingdon, PA.

Claire Lorts Designs

Boalsburg, PA • 2020 – Present

- Create and execute original works and jewelry including silver smithing, lapidary, 2D multimedia works, and wooden jewelry executed using an in-studio K40 laser cutter.
- Attend juried fine art and fine craft shows including the Central Pennsylvania Festival of the Arts, in addition to local consignment.

Research Technologist III, Lab Manager and Head Technician

Laboratory of Dr. Jesse Lasky, The Pennsylvania State University
University Park, PA • 2016 – 2019

- Led and collaborated with teams in research questions, experimental development, execution, data collection and analyses, and visualization.
- Co-authored manuscripts and presented work at conferences.
- Assisted in research goals, experimental development and execution, data collection and analyses independently and with teams.
- Maintained a safe and clean laboratory environment.
- Managed and maintained laboratory equipment and supplies.
- Mentored undergraduate students in research projects.
- Consulting post-employment through 2025, focused on assisting in manuscript writing, protocol training and execution for various projects.
